340B **CONFIDENT**

Be confident with Wellpartner's complete 340B contract pharmacy solution. Providing administration services and building pharmacy networks to drive program value.

**Driving value
when it matters most**

Are you...

Overseeing your own contract pharmacy negotiations and ongoing management effectively? Needing to establish a contract pharmacy network that closely aligns to utilization patterns? Integrating data across various systems that impact 340B eligible prescriptions? Exploring ways to work with a partner that can truly maximize 340B eligible claims capture?

You can count on us.

As the leading provider of the most comprehensive suite of 340B solutions in the market... you can be confident in Wellpartner.

Wellpartner's proven expertise in pharmacy network contracting, registration and management enables us to work with each of our clients to configure a solution that will optimize their 340B program. Providing seamless integration across all data sources, we enable you to maximize 340B eligible claims capture. Monitoring overall program performance and integrity is made simple with our on-demand real-time reporting dashboard, CLARITY. This provides our clients with full confidence ahead of any potential audit activity.

Delivering consistent, industry-leading results is what we stand for in everything we do. Optimizing your 340B drug program is our number one priority. We will work with you to drive value when it matters most.

At all stages, we are a trusted partner.

Over 135 nationwide clients can attest that Wellpartner gets it right when it matters most.

You can count on us with:

- ✓ Providing expertise in pharmacy network contracting, registration and ongoing management.
- ✓ Delivering full inventory management, including replenishment and reconciliation.
- ✓ Dedicating an account management team to educate, support and provide ongoing guidance every step of the way.
